- Unidirectional castors

FOS INOX

# FOS INOX

## DESIGN

FOS INOX is a display case with small external dimensions and with an innovative design which allows to show products in functional way. Each element of FOS INOX has been studied with particularly attention to the aesthetic without underestimate its functionality.

## VISIBILITY

Panoramic end panels, heat low emission lighting system and special design of FOS INOX, enhance the product and stimulate the purchasing impulse.

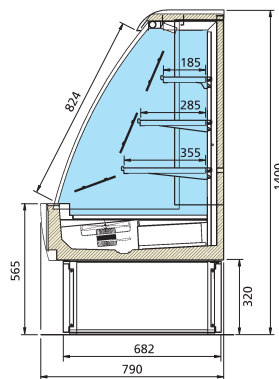

## VERSATILITY

FOS INOX is ideal for bar, stations, but even for restaurants, grocery and supermarkets. The castors system allows to move the display case in an easy way.

## QUALITY

For quality we mean flexible projects, care on details and reliability throughout time. These achievements are possible only thanks to the competence and passion of hundreds people of ISA staff working for customers' satisfaction.
